## **BINATIONAL INDUSTRIAL RESEARCH & DEVELOPMENT**

# BIRD HLS in a Nutshell

- Conditional grants for joint U.S.-Israeli R&D projects
- The program is funded by the U.S. Department of Homeland Security, Science and Technology Directorate (DHS S&T), and the Israel Ministry of National Security (IMNS).
- Up to \$1M per project, up to 50% of R&D expenses (non-dilutive funding, no transfer of IP rights)
- Repayments of 5% of sales as royalties if the project generates revenues
- Help in finding strategic partners (“matchmaking”)

Science &  
Technology

Ministry of  
National Security

# Why BIRD HLS?

- Non-Dilutive Funding
- Risk sharing - willing to invest in high risk technologies that require longer time to market.
- “Stamp of approval” – review of the project by external organizations.  
**BIRD HLS:** DHS, IMNS\* and IIA\*\*
- High positive reputation which improves fundraising, PR and ability to find additional partners
- Detailed work plan with each company’s tasks and budget
- Commitment - Improved Partnership

\* Israel Ministry of National Security

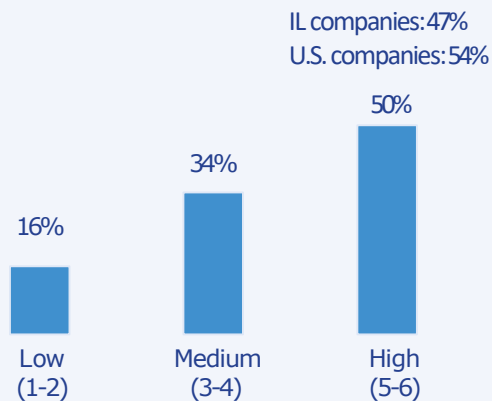

\*\* Israel Innovation Authority

# Why BIRD?

## Technology and Innovation - 84% gained access to new technology

To what extent did the project provide you with access to new technology?

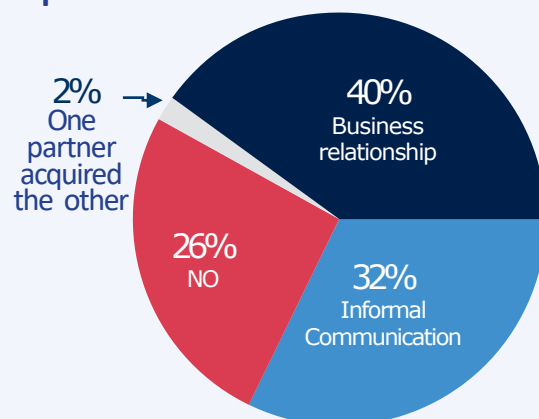

To what extent the technology/product developed was innovative & disruptive?

## High-Quality Partnerships - 74% continue after the project

Did the relationship with your partner continue after the project?

\*Excluding companies with projects still on-going (34)

How good was the 'quality' of the partnership in the project?

# How do we evaluate projects?

- Innovation (Technology)
- Synergy between companies
- Market opportunity
- Go to market strategy / commercialism

# BIRD – Performance Summary

# BIRD HLS 2023 Call for Proposals

## BIRD HLS CALL FOR PROPOSALS

### Homeland Security Technologies

Under the Agreement between the Government of the United States of America and the Government of the State of Israel on Cooperation in Science and Technology for Homeland Security matters, the U.S. Department of Homeland Security (DHS) and the Israel Ministry of National Security (IMNS) established a cooperative activity to foster and support U.S.-Israel joint development of advanced technologies for Homeland Security. The program is managed by the BIRD Foundation.

**To be considered, a project proposal should include:**

- R&D cooperation between two companies or cooperation between a company and a university / research institution (one from the U.S. and one from Israel)
- Innovation in areas such as:
  - Technologies and methods to secure critical infrastructure and public facilities ("soft targets")
  - Technologies focused on Safe and Secure Cities
  - Border protection, including Maritime Security (such as: Biometrics, Screening Systems, Robotics, etc.)
  - Unmanned Aerial Systems (UAS)
  - Advanced first responder technologies (such as: Command & Control, Video Analytics, Communication, Wearable Sensors, Standoff Detection and Identification of Hazards, Personal Protective Equipment, etc.)
- The project outcome should lead to commercialization

The maximum conditional grant is \$1M per project, and no more than 50% of the joint R&D budget  
BIRD Homeland Security follows the BIRD Foundation's rules and procedures  
Please refer to BIRD's website for submission details: [www.birdf.com](http://www.birdf.com)

**Timetable and deadlines:**  
Executive Summary | April 24, 2023 Final Proposal | June 27, 2023 Decisions | September 2023

Executive Summary | April 24, 2023 Final Proposal | June 27, 2023 Decisions | September 2023

# Evaluation Process

# BIRD HLS Project Examples

## Multi-Mission, Multi-Type, HLS Drone C&C

## AI Based Analytics Video Security for Remote Sites

## Unmanned Search and Rescue Systems

## Autonomous drone-based search & rescue

# BIRD HLS Awardees (partial)

# Additional Programs Managed by BIRD

## BIRD

### **BIRD Foundation Call for Proposals**

The general BIRD program is funding projects in virtually every area that can show significant innovation and demonstrate commercial potential.

R&D topics may include: Advanced Manufacturing, Agrotech, Cleantech and Environment, Communications, Construction Tech, Electronics, FinTech, Gas, Healthcare IT, Homeland Security and Cyber Security, Life Sciences and Bio-Convergence, Software, Water and Wastewater technologies, etc.

## BIRD Cyber

### **Advanced Cybersecurity Applications**

The BIRD Cyber program is a joint initiative funded by the U.S. Department of Homeland Security (DHS) Science and Technology Directorate (S&T), and the Israel National Cyber Directorate (INCD), to enhance the cyber resilience of critical infrastructure in the U.S. and Israel. The program seeks solutions in the following topics: Secured Architecture for Protecting Core Operational Processes, Small to Medium Airports or Seaports Real-Time Risk Assessment Solution Pilot, Piloting Resilience Centers for Small and Medium Businesses and Enterprises, and Advanced Data Fusion and Analytics.

# Additional Programs Managed by BIRD

## BIRD Energy

“BIRD Energy” is the implementation of a cooperation agreement between The U.S. Department of Energy (DOE), the Israel Ministry of Energy, jointly with the Israel Innovation Authority and the BIRD Foundation.

The program develops innovation through U.S.-Israel cooperation in all areas of renewable energy and energy efficiency, such as solar and wind power, advanced vehicle technologies and alternative fuels, smart grid, storage, water-energy nexus, advanced manufacturing, AI for energy management, etc.

## U.S.- Israel Energy Center

The U.S. and Israel, through the U.S. Department of Energy (DOE), the Israel Ministry of Energy (MoE) and the Israel Innovation Authority (IIA), have established the U.S.-Israel Center of Excellence in Energy, Engineering and Water Technology (the “Energy Center”). The purpose of the Energy Center is to accelerate development and deployment of critical and innovative technologies in the areas of Fossil Fuels, Energy Storage, Cyber Security for Energy Infrastructure, Energy-Water Nexus.

# What do the companies have to say?

Tal Meirzon  
Ex-CEO, Datumate

- First strategic partnership agreement in the U.S. (with HCSS).
- Acquisition of 20 new customers, including 1<sup>st</sup> tier prestigious U.S. customers (i.e. Webber, a quality U.S. reference).
- Hundreds of contacts.
- Product market fit for the US market.
- Funded R&D that stimulated a quick acquisition and response to the U.S. market customers.
- Brand awareness to Datumate solution in the U.S. market
- Direct equity investment in Datumate that was executed by a leading private ConstructionTech person from the U.S. market.

# Thank You!

Tal Kelem  
BIRD HLS Lead,  
Director of Business Development
